Hello, I am Ervadh, For the first my objective is to use my skills, knowledge, education and experience to generate a profit for your company. What i deem more important than my objective is your objective. Once I'm familiar with your company's targets, plans, and purposes. I can get started helping to achieve company goals

EXPERIENCE

01. FRONT END WEB DEVELOPER

2016 - NOW

PT. Ako Media Asia (SALT)

Create a website from scratch until the website is live. I just make the front view as the front end developer.

02. ACCOUNT EXECUTIVE

2016

PT. Profescipta Wahana Teknik (DipStrategy)

Maintenance, selling, pitching, negotiation, and make quotations for clients. I also check and test if the project is done.

03. C# DEVELOPER

2013

PT. Gapura Angkasa

Create a Safety Management System application. The application is used to record incidents or accidents. So that periodically can be evaluated the cause of the incident and also the root of the problem.

EDUCATION

BACHELOR OF INFORMATION SYSTEM

2010-2016

Bina Nusantara University (BINUS)

LANGUAGE

English, Bahasa Indonesia
